

ATMOVAC™

SMOOTH VACUUM PACKAGING

Smooth vacuum bags feature a flat, high-clarity film designed specifically for chamber vacuum sealers. Their smooth construction allows for faster cycle times, more efficient air removal inside the chamber, and a perfectly consistent seal every time.

FEATURES

- Available in multiple lengths to fit a wide variety of seal bar sizes.
- Multi-layer film increases the strength and durability of the bag.
- Ideal for freezing, refrigeration and sous-vide cooking.
- Compatible with most chamber-type vacuum machines.

BAG SIZES

100 bags per pack

SKU	Width	Length
