## FW6

The FW6 electric food warmer maintains ideal serving temperature for all kind of dishes. Using water and a heating element, it produces steam that heats food evenly, keeping it ready to serve.

### FEATURES

- Even heat distribution for consistent holding temperatures
- Adjustable thermostat for precise temperature control.
- GN pan compatibility for flexible food configurations.
- Stainless steel construction for durability, hygiene and easy cleaning.
- Lightweight and portable design ideal for dynamic food service setup or catering operations.
