

LB60T

VARIABLE SPEED SPIRAL MIXER

The Eurodib LB60T Spiral Mixer is built for efficient and thorough dough mixing, offering the capacity to handle a full bag of flour at once. Designed for high-performance in demanding kitchen environments, its compact form factor maximizes space efficiency while maintaining robust mixing power.

Key features

- **Variable speed settings:** Precise adjustments to mixing speed for different dough types and ingredient combinations.
- **Simultaneous spiral, hook and cylinder rotation:** Reduces kneading time and ensures consistent dough quality for the largest batches.
- **Frequency converter:** Provides advanced control for a wide variety of dough textures and recipes.
- **Compact and user-friendly design:** Protective cover, intuitive controls, and workspace efficiency make it ideal for professional use.
- **High capacity:** Designed to handle a full bag of flour with ease.

Applications

- Perfect for high-volume bakeries, patisseries, and restaurants.
- Ideal for artisan bread, pizza dough, and large-scale food preparation.
